## CLIMBING

Rock and Ice Magazine chose Leavenworth as one of the top 10 climbing cities in the U.S. Within minutes of town, you'll find access to some of the best granite in the state, with everything from roadside sport crags to long alpine routes and everything in between. Leavenworth classics include Outer Space on Snowcreek Wall (5.9), ROTC on Midnight Rock in Tumwater Canyon (5.11), and Icicle Buttress in Icicle Canyon (5.7). In recent years, bouldering has also seen an explosion in popularity due to our proliferation of quality granite boulders and the development of multiple bouldering areas by local climbers.
